VI. New Business

A. A question of how the university can adjust its operations for the televised ECU/Virginia Tech football game on Thursday, November 5, 2009 was raised to the senate. Parking and traffic flow will be the major issues. Administrators are considering closing the University during the late afternoon of November 5, 2009, e.g. 3:00pm or 4:00pm. This is being considered for both East Campus and HSC operations. Employees will be able to adjust their work schedules that week or use vacation time. There was extended discussion on the logistics of how this would actually work. The following resolution was presented to the Staff Senate:

“Whereas the University Administration has indicated it is possible that University departments will operate at reduced hours on November 5, 2009 to accommodate the operational needs associated with a University event, ECU vs. Virginia Tech football game; and whereas the University administration has requested Staff Senate input into how University employees can adjust to this event; therefore be it resolved that the Staff Senate is in favor of allowing departments/employees to operate on reduced work hours on a voluntary basis November 5, 2009 and account for a forty-hour work week through work week adjustments or the appropriate use of leave.”

The resolution passed by a majority vote.

B. Discussion of Staff Senate Goals was moved to the October Meeting due to time constraints.

C. Discussion of the direction of the Staff Senate was moved to the October Meeting due to time constraints.
