

2011 State Service Award Recipients

The Service Awards Program was created to provide recognition to employees for their years of service to the University and the State of North Carolina. All permanent SPA and EPA employees are eligible to receive a service award every 5 years. The Service Awards Program operates on a calendar year basis, therefore all awards are distributed in the year following an employee's anniversary milestone. For example, employees celebrating anniversary milestones in 2011 were recognized in 2012.

The Service Awards Program recognizes employees' total State service in increments of five years through retirement. For each five-year increment, the program offers a collection of awards from which eligible recipients may select.

Chancellor's Service Awards Recognition Ceremony

The Chancellor's Service Awards Recognition Ceremony is held every year and recognizes employees who have achieved 30 or more years of service during their respective service year. This year's Service Recognition Ceremony was held on April 16th, 2012. More than 62 employees were invited to the program!

	NAME	DIVISION	SERVICE YEARS
